

# Did you know?

**K**ansas law protects everyone who works along our highways. This includes maintenance crews, construction workers, law enforcement officers and emergency responders.

The law requires motorists on four-lane highways to switch to the lane farthest from any stationary vehicle displaying flashing lights, if they can do so **SAFELY**. On two-lane roads, motorists are required to slow down and proceed with caution.

**MOVE over or SLOW down for stopped emergency or maintenance vehicles**
