GREETINGS

from the Kansas Treasurer

The K.I.D.S. program is a unique opportunity for Kansas families who want to begin saving for their child's education beyond high school but may need some assistance in making that goal a reality. Investing in a Learning Quest account is a great way to show your student that you believe in their future by taking steps today to be prepared tomorrow for the cost of their education at any traditional four year university or any community or technical college. K-12 tuition expenses are also eligible.

Start saving today and tell your student that you expect great things from them.

If eligible, take advantage of this additional money.

Account owners must be Kansas residents and total Federal Adjusted Gross Income for all members of the account owner's household must be less than the amount listed below.

Before investing, carefully consider the plan's investment objectives, risks, charges and expenses. This information and more about the plan can be found in the Learning Quest Handbook, available by contacting American Century Investment Services, Inc., Distributor, at 800-579-2203, and should be read carefully before investing. If you are not a Kansas taxpayer, consider before investing whether your or the beneficiary's home state offers a 529 Plan that provides its taxpayers with state tax and other benefits not available through this plan. As with any investment, it is possible to lose money by investing in this plan. The value of your Learning Quest account may fluctuate, and it is possible for the value of your account to be less than the amount you invested.
